EDUCATION

Degree:
Editing and Post Production at Ravensbourne University - 2:1
BTEC and A Level:
Creative Digital Media Production - BTEC - Distinction Star
English Language - A Level - B
Business Studies - BTEC - Merit

INTERESTS

Tennis Music
Football Cooking

I have graduated with a 2:1 Degree in Editing and Post-Production from Ravensbourne University - which is London's specialist creative industries university and the only one to offer a degree focussing on this subject.

The course has editing, my passion, at its heart - but has also developed my experience and skills by covering a broad range of topics across the spectrum of post-production. These have included visual effects, colour grading, audio post, screen graphics, shoot and edit and broadcast technology.

As well as providing an extensive understanding of the post workflow, the course has also enabled me to explore a range of creative approaches through numerous practical projects, including music videos, advertising and motion graphic information videos.

I have also, alongside my degree, been working in hospitality for the past three years. This has proved invaluable in developing my skills related to working in a team, taking on responsibility and delivering high quality service under pressure and to deadlines. At school, I gained A Levels / BTECs in Creative Digital Media Production, English Language and Business Studies.

WORK EXPERIENCE

The Royal Automobile Club - Contract work June-July 2024

I was commissioned to create and complete motion graphics work for training videos.

Framestore - July 2022

Work experience and runner, attending planning and project progress meetings and shadowing editors to develop my knowledge of the post-production industry. This helped me understand how a post-production house operates, how systems are used in practice and how professional editors approach their work.

The Pilot pub, Greenwich Peninsula - November 2021-May 2024

Bar tender and waiter. Interacting with a wide range of customers to ensure they have a positive experience. Taking payments and using booking systems. Managing events in the private dining room and assisting with the manager with duties including stock management and opening / closing the pub.

Lingfield Racecourse - July to September 2021

Bar tender and waiter in the private hospitality suites.

Matchpoint Tennis - January to April 2018

Assistant coach, helping to look after and further the tennis ability of 9 to 11-year-olds.
